

# HMS\_2.4\_004 YES-EU Environmental policy

YES-EU recognises the need for sustainable development and continually aims to improve the environmental effect of its activities. To achieve this YES-EU will;

## **Establish sound environmental management by:**

- Meeting or improving upon relevant legislation, regulations and environmental recommendations.
- Developing environmental objectives that target improvements and monitor performance.
- Considering any environmental issues in the decision-making process and identifying all environmental impacts and aspects.
- Developing a relationship with suppliers and contractors so that we all understand and recognise our environmental responsibilities.
- Promoting a culture and educating staff to ensure high environmental awareness and expertise.
- Applying the best available techniques and technology where reasonably practicable.
- Investigating and following up on all events and deviations that negatively affect (potentially and actually) the environment.
- Terminating activities when environmental risk is deemed unacceptable and risk reducing measures are considered insufficient.
- Conducting environmental initiatives which take into account training, awareness or social economical responsibilities.

## **Provide for effective use of resources by:**

- Promoting waste reduction by recycling or re-use where possible.
- Promoting the efficient use of resources, energy, and fuel throughout the organisation`s operations.
- Identifying, eliminating or reducing, where possible, environmental hazardous chemicals.

## **Cooperate with:**

- The community in which we operate
- Companies we share a venue with
- Customers
- Suppliers
- Authorities
- Other interested parties with similar visions
